My dear Miss Weston

Your  
very kind letter I have  
just received. I felt  
confident you were  
absent from home  
or I should have  
heard from you  
before. As yet I  
have made no firm-  
ament engagement.  
Tomorrow I expect  
to start for Florence  
a few miles up the  
80

Delaware, where I may  
possibly remain during  
the warm weather, at  
least until I am  
fortunate enough to  
hear of something.  
Nothing would give  
me more pleasure  
than the fulfillment  
of your kind wish  
"to go abroad": as  
matters notice at  
the most would  
be all I should  
require.

During the present month  
I seem to be living  
over the scenes of last  
summer, about this  
time I was full  
of hope thinking each  
day the dear one  
was regaining strength  
and without any of  
the sad fears  
experienced in Germ  
antown to mar the  
happy hours. Truly  
in wisdom is the  
future concealed,

Poor Howdy has recovered  
his pony and is  
delighted. Tossy  
grows very like his  
Mother I think.

They were both in op  
during the stay of  
the Japanese. May  
I hope to hear from you  
I know it is asking  
a great deal from one  
who is so constantly  
occupied. With very many  
thanks for all your  
kindness I remain Respectfully  
yours  
W. H. Landolt
